

LEARNING STARTS AT HOME: GROWTH THROUGH PLAY SYSTEM STEPS 1 AND 2

Class Schedule

SATURDAY: MORNING SESSION

1. Welcome

2. The Essential Role of Parents

As a parent you are the best person to make a difference in your child's development. Input from professionals will guide you, but as a parent you are in the position to be actively involved in changing your child's neurology.

2.1 Disconnected and Disynchronous Brain.

Learn what the current research is telling us about how your child's brain is wired and how you can play a vital role in the process of it's re-wiring.

2.2. It Takes Two

Your child learns the most through his/her relationship with you. Every relationship is a two-way street. How do you bring yourself to this relationship?. We'll help you identify, and transform, any disruptive emotional patterns that may get in your way of accessing your energy and creativity.

SATURDAY: AFTERNOON SESSION

3. Growth through Play System Step 1: Knowing What to Do

3.1 A Developmental Curriculum

Identifying pivotal skills for your child to learn will help you maximize your time together. Use your individualized *GPS Starter** report to customize this class exactly for your child.

* The online child developmental assessment, report and individual phone consultation of the **GPS Starter Package** is included in the registration for the *Learning Starts at Home* workshop. Completing this service before the workshop enables you to get started immediately and get the most from the workshop classes.

3.2 Anytime, Any Place

Learn how to work on the pivotal skills identified for your child during any interaction you have with your child.

SUNDAY: MORNING SESSION

4. Growth through Play System Step 2: Knowing how to do it

4.1 Sensory Modulation and Availability for Interaction

Recognize the various states of your child's nervous system as he or she processing sensory information. Learn how to help you child return to an optimal state for social interaction and learning.

4.2 A Responsive Style of Interaction

Discover how changing the way you relate to your child can accelerate his or her development and deepen your relationship. You can use this style anytime you interact with your child and easily teach it to others who want to help too.

4.3 Become a Social Magnet

Learn how to inspire your child to make more social initiations, engage more deeply with others and learn more through relating to others.

5. Question and Answer Session

Your chance to ask any question about how to help your child. From toilet training and addressing challenging behaviors to working on academics and conversation skills our facilitators will guide you.

SUNDAY: AFTERNOON SESSION

6. Transforming Everyday Activities into Learning Opportunities

Discover our unique, easy to learn system for naturally embedding the teaching of pivotal developmental steps into fun, engaging activities for you and your child. This system will help you transform any activity your child enjoys into a powerful learning experience.
